Policy Statement

This Complaints Policy sets out how the Liverpool Archdiocese Lourdes Association (LALPA) will manage all complaints made in relation to any event or activity of the Pilgrimage. The Policy outlines the different stages a complainant and complaint will go through, the timescales suggested and who should be involved in handling the complaint.

The LALPA encourages and supports a culture of transparency and honesty. The aim of this policy is to ensure that any complaint raised is investigated and addressed promptly, in an impartial and effective manner using processes that are timely, and fair.

(Please note that concerns or complaints that fall within the scope of Vulnerable Person procedures will be referred for consideration under the guidance of the Safeguarding Policy, the terms of which take precedence over the guidance given here.)

Complaints Procedure

Overview

An accessible copy of the complaints procedure is available to Pilgrims from our UK Pilgrimage office, and in Lourdes from the Pilgrimage Director. Any member of the Association Executive or co-ordinator within the Hospitalité (“responsible person”) may take initial details of the complaint and will follow procedures to ensure action is taken without delay.

All written complaints will be logged in the Complaints Register that the Executive committee has access to. Each record is allocated a complaint reference number and will be maintained in the Complaints Register. Complaints will be treated in a sensitive and confidential manner, subject to any disclosure that might be necessary to the authorities in France or the UK.

Stage 1 - Informal Complaint

Where the complaint is expressed as a worry, concern, comment or suggestion, that is not considered a serious or grave complaint by the complainant, and is received verbally, it should be addressed immediately by the responsible person. This responsible person is likely to be a member of the Pilgrimage Association Executive, the Focus Team or leadership team of the Youth Pilgrimage.

An informal complaint does not mean it is any less important, but it is hoped that the vast majority of issues can be resolved informally at this stage of the process. The Complainant will be asked if they are happy with the outcome of this Stage 1 complaint; if they are not then they will be invited to take their complaint to the next level.

It is requested that the complainant will raise this issue promptly as appropriate, to avoid any avoidable escalation.

Stage 2 - Formal Complaint

Where a complaint is considered by the complainant as a serious complaint or if the responsible person dealing with the complaint is told that the complainant is not happy with the outcome of the informal complaint (Stage 1), they will ensure the complainant knows how to take their concern to the next level. All formal complaints must be made in writing using a Formal Complaint Form and sent to the Pilgrimage Director. (For the avoidance of doubt, an individual wishing to make a formal complaint need not raise the issue informally in the first instance, they can send their written complaint directly to the Pilgrimage Director at any point.)

Process for Formal Complaints

All formal complaints received will be acknowledged in writing. It is the Pilgrimage policy to try and resolve all formal complaints as soon as possible.

The Pilgrimage Director will respond to all complaints using the following process:

- Direct communication with the complainant to ensure details of the complaint are understood, to advise of the process to be used and the probable time for response.
- Where appropriate discuss any support the complainant may require.
- Agreeing any immediate action to be taken.
- Full investigation recording – Background to complaint, areas requiring review, methodology to be used as part of the investigation, findings and action required.
- A formal response will then be produced.

Complaint Outcome

Written responses will be tailored to the nature of the complaint and will include some or all of the following:

- A summary of each element of the complaint - from the written communication and subsequent conversation(s).
- A summary of the investigation and its methodology.
- Conclusions of the investigation: was there an error, omission or shortfall by the organisation? If so, did this disadvantage the complainant or any other person, if so, how?
- Any action being taken to put things right, with timescales and nomination of the person responsible for implementing the actions.
- An apology.
- Information on what the complainant should do if they are dissatisfied with the response.
- A review of past trends and patterns of complaints overall, if any, will be carried out following the investigation of each and every complaint.

Where required, details of the complaint, investigations and findings may need to be reported to the Archbishop. This is necessary for any case for any complaint made concerning a member of the clergy.

Any significant issues raised through complaints along with the lessons learned and actions taken will be considered by the LALPA and if practicable used to improve the running of the Pilgrimage.

Stage 3 – Review of Formal Complaint

It is always our hope to resolve issues with a complainant but if the complaint has not been resolved to the complainant's satisfaction a review may be called by the Executive Committee, or indeed the complainant may take the matter to an external body.

If a person wants to make a formal complaint, they do not have to go through the Pilgrimage policy and procedure, although this is the process we would prefer them to adopt.

As an alternative, the complainant may report their concern to any person or outside agency directly, for example the Archdiocese of Liverpool, by contacting your Parish Priest.
